The Beach

We can't take credit for the natural splendor of the beach, with its' sugar-white sands and crystal blue waters, but with 2 dedicated beach-access crossings, we can make getting there a whole lot simpler. Whether it's your 5-year-old's first time on a boogie board or taking out a kayak at dawn, a "day at the beach" will take on a whole new meaning.

Swimming

As our name says, water is the point. Our pools are virtual aquatic masterpieces designed to entice even the most land-loving among you. Not only is our European-inspired indoor pool a sensory delight, one of the

largest pool areas on the Gulf Coast, with a zero-degree entrance and waterfalls, offers beauty, adventure and is the centerpiece to our family-friendly resort. Whether swimming laps for fitness or just floating away your cares, no one is immune to the allure of our temperature-controlled, chlorine-free waters.

For Kids

Waterpointe Resort & Spa is the stuff of childhood dreams. Our huge "Sunken Ship" Playground and interactive fountains will be the center of every kid's attention. Both are located at the zero-degree entry end of our pool area—one of the largest on the gulf coast. Not only will our fun and exciting activities please your kids, but knowing they

please your kids, but knowing they are having a ball while learning about natural habitats, sea life and so much more in a safe environment will allow you to take a vacation from worry. Our seasonal "Kid's Camp" offers kids the chance to do what they do best—just be kids while shell hunting, fishing or whatever we dream up. And if childcare services are needed for a night out for the grown-ups, they can be arranged through the concierge any time.
